

Accommodations: If you are a student who has a need for a reasonable accommodation based on a documented disability, please contact the instructor privately either before or after class to discuss the accommodation. This request ideally should be made prior to the seating of the second class of the quarter. In order to receive a reasonable accommodation, you must have the appropriate documentation on file with the Coordinator of Disability Services & Developmental Studies, Lya Redmond. Lya may be reached at 215-405-6344 or by e-mail at lredmond@aia.edu .
